

Earn while you learn at the Patuxent River Naval Air Warfare Center Aircraft Division

The Naval Air Warfare Center Aircraft Division is now accepting applications for summer 2010 employment. Students focused on a Science, Technology, Engineering or Mathematics (STEM) career path are encouraged to apply. Apply on-line at www.navair.navy.mil/jobs. (Click on Career Opportunities, then Post Your Resume: All Others). Be sure to include information on your academics, extracurricular activities (such as science fair, robotics, etc.) and grade point average on your application. The hourly rate in the summer 2010 is \$10.60 for rising junior and \$11.91 for a rising senior/college freshman for the engineering technician positions.

Business and financial management technician summer jobs for students, along with administrative positions are also available this summer. The hourly wage is the same as listed above. When applying on-line at www.navair.navy.mil/jobs website, click Post Your Resume: All Others, then select Student and Administrative. This will then take you to the resume posting section of the website.

Application deadline for high school students is February 1, 2010.
